

# SUMMER'S BEST

ALL THE THINGS WE'VE PUT ON OUR MUST-HAVE LIST THIS SEASON.

The **Moze Indoor Swing Chair** by goop, a CB2 exclusive, is our new go-to spot to hide away. Hand-woven navy and white rope intertwined on a metal frame with brown leather accents is topped off with an ultra-comfy cushion, perfect for summer swinging. \$1,299 online at CB2.

Britain's **Cream Cornwall** is doing tableware just right, with these bone china plates covered in somber, water creature prints that take coastal-themed dining to a fashionable new level.

**Kohler's Farmstead kitchen sink and Tournant Semi-Professional kitchen faucet** deliver elegant styling along with professional performance, thanks to a three-function spray head that lets you speed through a range of tasks: spray for food prep; an aerated stream for filling pots and pitchers; and a sweep spray for cleaning.

From gorgeous quartz and amethyst to ancient fossils, **Royal Circus** in Wedgwood-Houston has added a range of earthy home accents to their shop, ranging from grand statement pieces to smaller pieces just right for a coffee table.

An orthopaedic surgeon-turned-artisanal bladesmith, **Daniel Moyo** from Georgia forges his skill with creativity to craft heirloom-worthy knives that have gained national attention over the past decade. No two knives are ever the same, and each takes approximately five to seven days to create. Available knives can be purchased online at Dan's Cattle Dog Forge.

Inspired by Cirque du Soleil, the **Soleil** chair mixes animal spirit with sublime lines and the best finishes. Delicate like a contemporary artist yet fierce like a lion show, this design concept is meant to invoke the imagination, provoke the senses and evoke emotions — detailed to the last inch of material.

Skylines define a city's profile, becoming an ever-changing iconic symbol, and that is the inspiration Pullcast took when creating their **Skyline** silhouette, available in cabinet and door hardware.

Kirkland's **Coastal Rattan Bar Cart**, \$230, has a combination of natural wood and patterned rattan, giving this piece a distinct rustic feel. It's an affordable way to bring some retro rustic to your next summer pool party.

We are all about textiles this summer, so this **Super Chunky Felted Merino Wool Basket** from Perch Upholstery appeals to all of our senses. Stick a planter in it or simply fill it with stuff — the wool is as sturdy as rope, but it can be manipulated, stretched and pushed about to accommodate all kinds of things.
